Prescription Drug Coverage:

Plan year July 1, 2023-June 30, 2024

Your prescription drug coverage is administered by CVS Caremark.

Prescription benefits are the same no matter which medical plan you choose. The amount you pay depends on whether your prescription is for a generic drug, a brand name drug listed on CVS Caremark's preferred drug list (the formulary), or a non-preferred brand name drug.

Here's what you'll pay for covered prescription drugs filled at a network pharmacy.

¹ You are not required to fill your maintenance drug prescription using the maintenance drug network or CVS Caremark Mail Order. However, if you do, you will get a 90-day supply of maintenance medication for a \$0 copay.

² Retirees in Group 5 have a different CVS Caremark formulary (that is, the covered drug list) than retirees in the other groups. The CVS Caremark Standard Formulary is focused on clinically effective lower-cost alternatives to high-cost drugs.

³ You are required to fill your maintenance drugs using the maintenance drug network or CVS Caremark Mail Order.

⁴ Maintenance drugs to treat (1) asthma or COPD; (2) diabetes (type 1 or 2); (3) heart failure/heart disease; (4) hyperlipidemia (high cholesterol); or (5) hypertension (high blood pressure): You are required to fill your maintenance drugs using the maintenance drug network or CVS Caremark Mail Order.
