Using **Your** Retiree Health Care Options Planner

To use this Planner effectively, be sure you're reviewing the correct section. Information is organized into coverage for **non-Medicare-eligible individuals** (starting on [page 16](#)) and coverage for **Medicare-eligible individuals** (starting on [page 33](#)). Within each section, benefit information is grouped by retirement date. Your retirement date falls into one of the following groups:

- **Group 1:** Retirement date prior to July 1999
- **Group 2:** Retirement date July 1, 1999 - May 1, 2009, and those who retired under the 2009 Retirement Incentive Plan
- **Group 3:** Retirement date June 1, 2009 - October 1, 2011
- **Group 4:** Retirement date October 2, 2011 - October 1, 2017
- **Group 5:** Retirement date October 2, 2017 or later
- **Group 6:** Retirement date October 2, 2017 - July 1, 2022 (fewer than 25 years of service OR Non-Hazardous Duty)
- **Group 7:** Senior Judges and Trial Referees (**not included in this guide**; please see the Active Employee Health Care Options Planner)
- **Group 8:** Retirement date August 1, 2022 or later (Hazardous Duty)
- **Group 9:** Retirement date August 1, 2022 or later (Non-Hazardous Duty)

Before you begin, determine which group you belong to.

While you may be eligible for Medicare, and therefore enrolled in the Aetna Medicare Advantage plan, your covered dependents may not be eligible for Medicare. If that is the case, they can choose a non-Medicare-eligible medical plan. Please pay careful attention to the differences between Medicare-eligible and non-Medicare-eligible coverage.

You may need to review coverage options in both the non-Medicare-eligible section and the Medicare-eligible section, depending on your and your dependents' Medicare eligibility.

Welcome!

Congratulations on your retirement! We truly appreciate all the hard work and dedication you've contributed throughout your career.

It's our privilege to offer retiree health care coverage to you and your eligible family members. Your eligibility for Medicare will determine the coverage options available to you in retirement. If you're not yet eligible for Medicare, you can continue the same coverage you had as an active employee, or you can choose a different plan. If you're eligible for Medicare, you have one health care plan available to you: the Aetna Medicare Advantage PPO.

Review this Planner carefully to learn about the coverages available to you and your family members and how they interact with Medicare.

Your 2026 Open Enrollment Checklist

Open Enrollment for State of Connecticut dental plans and non-Medicare health plans is **May 1 through May 31, 2026**, for benefits effective July 1, 2026. Complete this checklist before the May 31 deadline to make updates to your coverage, if needed.

» Your Open Enrollment Checklist

Use this Planner to **review coverage and the premium amounts** for medical and dental coverage ([pages 14-15](#)).

Pay careful attention to the *2026 Open Enrollment Overview* section on [page 6](#). It provides an overview of the changes you can make to your coverage during Open Enrollment.

Make changes if you need to by completing the Retiree Health Enrollment/Change Form (CO-744-OE). You can find the form at carecompass.ct.gov. Be sure to:

1. Select the type of change you're requesting.
2. List all dependents you're covering and provide supporting documentation for new dependents.
3. Sign your application.
4. Return the application via U.S. mail, email, or fax to:

If you have no changes...

Review this Retiree Health Care Options Planner. If you decide not to make changes to your coverage, DO NOT complete the Retiree Health Enrollment/Change Form (CO-744-OE). Your current coverage will continue automatically.

If you have questions...

Call the Office of the State Comptroller, Retiree Health Insurance Unit, at 860-702-3533. For more information about Open Enrollment, go to carecompass.ct.gov. Non-Medicare retirees on an Anthem plan can contact a personal Care Coordinator at 833-740-3258.

2026 Open Enrollment Overview

2026 Open Enrollment: May 1-31, 2026

Coverage effective: July 1, 2026 - June 30, 2027

Open Enrollment gives you the opportunity to change your health care benefit elections and your covered dependents for the coming plan year. It's a good time to take a fresh look at the plans available to you, consider how your and your family's needs may have changed, and choose coverage that offers the best value for your situation.

During Open Enrollment, you can change medical (non-Medicare-eligible retirees only) or dental plans, add or drop coverage for your eligible family members, or enroll yourself if you previously waived coverage. If you or a covered dependent is not eligible for Medicare, you can select a new non-Medicare-eligible medical plan during the Open Enrollment period.

There are no benefit changes for 2026. If you want to keep your current coverage elections, you DO NOT need to complete the Retiree Health Enrollment/Change Form (CO-744- OE). Your coverage will continue automatically.

New Medical ID Cards for Non-Medicare-Eligible Plans

New Anthem ID cards will be mailed to all non-Medicare-eligible adults even if you do not change plans. Make sure to discard your old ID cards after July 1 — your member ID, group ID, and provider services phone number have changed. Digital copies of your ID cards are available on your benefits portal.

Once you choose a health plan, you cannot change plans until the next Open Enrollment. The exception is if you have a qualifying life event, such as moving out of the plan's service area or becoming eligible for Medicare (in which case you must enroll in the Aetna Medicare Advantage plan). You cannot change plans if your doctor or hospital leaves the health plan. More information about qualifying life events is on [pages 11 and 12](#).

Steps To Take During Open Enrollment

If you are NOT eligible for Medicare...

You can:

- Enroll in or make changes to your non-Medicare-eligible medical plan:
 - Quality First Select Access (State BlueCare Prime network) (available only to Connecticut residents)
 - Primary Care Access (State BlueCare network)
 - Standard Access (State BlueCare network)
 - Expanded Access (State BlueCare network)
 - State Preferred Point of Service (POS)
Closed to new enrollment.
 - Out-of-Area (available only if retiree's permanent address is outside Connecticut)
- Add or change your dental plan option. Before changing your dental plan, be sure your dentist is in-network for your selected plan by contacting Cigna or visiting carecompass.ct.gov/benefits-enrollment
- Add or drop dependents from medical and dental coverage

To do so, submit the following by May 31:

- A completed Retiree Health Enrollment/Change Form (CO-744-OE)
- Any required documentation supporting the addition of an eligible dependent

If you ARE eligible for Medicare...

You cannot make a change to your medical coverage until the Medicare Open Enrollment period in October 2026. You will receive more information prior to the Medicare Open Enrollment period.

You can:

- Add or change your dental plan option. Before changing your dental plan, be sure your dentist is in-network for your selected plan by contacting Cigna or visiting carecompass.ct.gov/benefits-enrollment
- Add or drop dependents from medical and dental coverage

To do so, submit the following by May 31:

- A completed Retiree Health Enrollment/Change Form (CO-744-OE)
- Any required documentation supporting the addition of an eligible dependent

Open Enrollment Resources

Care Compass

Care Compass is your home for all benefits information. It serves as a comprehensive online source of information on the state's health plan, including medical, dental, pharmacy, and supplemental benefit options.

Visit carecompass.ct.gov for information about medical, pharmacy, and dental benefits. Select **State Retiree** in the navigation bar.

Care Coordinators

Non-Medicare retirees, their spouses, and adult dependents can connect with a personal Care Coordinator for help understanding their benefits and to coordinate between all programs and partners. Care Coordinators can help with:

- Health care management
- HEP assistance
- Plans and claims support

Call a Care Coordinator at 833-740-3258, or log in to your personalized benefits and HEP portal (carecompass.quantum-health.com) to send a secure message or to live chat with a Care Coordinator.

Your Personal Benefits and HEP Portal

For a completely personalized benefits experience, non-Medicare-eligible retirees can use the benefits and HEP portal (from Quantum Health), accessible from carecompass.ct.gov (select **Benefits Login**) or the **Quantum Health** app. The portal includes:

- A provider search tool built to help you locate in-network providers in your plan. Search by provider name, facility, location, or specialty. From the portal, select **Plan**, then **Find Provider**.
- One-click access to personalized pharmacy, medical, and dental websites.
- A one-stop shop for all of your benefit needs, like digital ID cards and claims information.
- Personalized assistance from Care Coordinators. They're standing by to help!

To access and register for your benefits and HEP portal:

- Go to carecompass.ct.gov and select **Benefits Login**. Then, register using the last four digits of your medical ID (found on your Anthem card).
- You may also download the free mobile app by searching for **Quantum Health** on the App Store or Google Play. If you haven't registered on the site, click **Register** and follow the steps.
- Adult dependents (age 18 and over) can register for a personal benefit account. You can share your HEP status with a family member by creating your own account, clicking **Profile Settings**, and selecting the **Wellness/Prevention** box.

Enrolling in Retiree Health Benefits

2026 Open Enrollment: May 1-31, 2026

Coverage effective: July 1, 2026 - June 30, 2027

Current Retirees

If No Changes Are Needed

You do **not** need to complete an enrollment form unless you are changing non-Medicare-eligible medical coverage, dental coverage, or your covered dependents. Your current benefits will continue automatically.

If You Want To Make Changes

To make changes to dental coverage or non-Medicare-eligible medical coverage (if applicable), follow the Open Enrollment Checklist on [page 5](#). Fill out the Retiree Health Enrollment/Change Form (CO-744-OE) and return it to the Retiree Health Insurance Unit.

New Retirees

Your health coverage as an active employee does NOT automatically transfer to coverage as a retiree. You MUST ENROLL if you want retiree health coverage for yourself and any eligible dependents.

To enroll for the first time, follow these steps:

- Review this Planner and choose the medical and dental options that best meet your needs. **Note:** If you are Medicare-eligible, there is only **one** medical plan option.
- Complete the Retiree Health Enrollment/Change Form (CO-744) included in your retirement packet.
- Return the completed form and any necessary supporting documentation to the Office of the State Comptroller at the address shown on the form.

You must complete your enrollment in retiree health coverage within **30 calendar days** after your retirement date. If you do not enroll within 30 days, you must wait until the next Open Enrollment to enroll in retiree coverage.

If you enroll as a new retiree, your coverage begins the first day of the month after your retirement. For example, if your retirement date is October 1, your coverage begins November 1.

Important! If you are Medicare-eligible, you must be enrolled in Medicare to enroll in the State of Connecticut Retiree Health Plan. If you are age 65 or older, contact Social Security at least three months before your retirement date to learn about enrolling in Medicare.

Waiving Coverage

If you have other medical coverage and want to waive State of Connecticut coverage when first eligible, you can choose to enroll later during Open Enrollment or within 30 days of losing your other coverage.

To waive coverage, retirees must complete the Retiree Health Enrollment/Change Form (CO-744-OE), check "Waive Medical Coverage," and return it to the Retiree Health Insurance Unit.

Important! If you waive coverage, you cannot enroll dependents under the State Retiree Health Plan. You must be enrolled yourself to cover eligible dependents.

By law, you must disenroll ineligible dependents within 31 days after the date of a divorce or legal separation. Failure to notify the Retiree Health Insurance Unit can result in significant financial penalties.

Medicare Enrollment

Retiree members and dependents covered by the State of Connecticut Retiree Health Plan must be enrolled in Medicare as soon as they are eligible due to age, disability or end-stage renal disease (ESRD).

If you or a covered dependent has Medicare-eligible coverage, you must live in the U.S. in order to be covered by the plan.

Eligibility for Retiree Health Benefits

Retiree

You must meet age and minimum service requirements to be eligible for retiree health coverage. Service requirements vary. For information about eligibility for retiree health benefits, contact the Retiree Health Insurance Unit at 860-702-3533.

Dependent

You can cover dependents under your medical and dental plans. To avoid financial consequences, it is your responsibility to only enroll eligible dependents. Eligible dependents are generally:

- Your legally married spouse or civil union partner
- Your children through the end of the year they turn 26
- Children living with you for whom you are the legal guardian (to age 18, unless proof of continued dependency is provided)
- Disabled children over age 26. Contact Quantum Health at 833-740-3258 to verify your child's eligibility. Once you enroll your disabled adult child, they must remain enrolled to retain eligibility. Your disabled child must meet the following requirements for continued coverage:
 - Adult child is enrolled in a State of Connecticut employee plan on the child's 26th birthday. (Not required if you are a new retiree enrolling for the first time.)
 - Disabled child must meet the requirements of being an eligible dependent child before turning age 26. (Not required if you are a new retiree enrolling for the first time.)
 - Adult child must have been physically or mentally disabled on the date coverage would otherwise end because of age and continue to be disabled since age 26.
 - Adult child is dependent on the member for substantially all of their economic support and is declared as an exemption on the member's federal income tax return.
 - Member is required to comply with their enrolled medical plan's disabled dependent certification process and recertification process every year thereafter and upon request.
 - All enrolled dependents who qualify for Medicare due to a disability are required to enroll in Medicare. Members must notify the Retiree Health Insurance Unit of any dependent's eligibility for, and enrollment in, Medicare.

Retiree Health Enrollment/ Change Form (CO-744-OE)

Go to carecompass.ct.gov/forms and select **Retiree Health**.

When enrolling a family member, you will need to provide documentation to confirm an eligible relationship.

It is your responsibility to notify the Retiree Health Insurance Unit within 30 days after the date when any dependent is no longer eligible for coverage. For more information about enrolling dependents, see *Making Changes to Your Coverage During the Year* on [page 11](#).

Retirees and dependents can be enrolled in different plans (depending on Medicare eligibility)

All State of Connecticut Retiree Health Plan members who are eligible for Medicare are automatically enrolled in the Aetna Medicare Advantage PPO plan. **If you have enrolled dependents who are not yet eligible for Medicare** (typically, those under age 65), their current medical and prescription drug coverage will stay the same. This means that some retirees and dependents will be enrolled in different plans. This is also referred to as a "split family."

Making Changes to Your Coverage During the Year

Once you pick your medical (for non-Medicare-eligible retirees) and dental plans, you can't make changes during the plan year unless you have a qualifying life event, as defined by the IRS.

If you do have a qualifying event, you must notify the Retiree Health Insurance Unit and submit a Retiree Health Enrollment/Change Form (CO-744) within 30 days. If you miss the 30-day window, you'll have to wait until the next Open Enrollment to make changes.

Any changes must match your change in status. A list of qualifying events and the required documents is on [page 12](#).

Death of a Retiree

If you die, your surviving dependents or designee should contact the Retiree Health Insurance Unit to obtain information about their eligibility for survivor health benefits. To be eligible, your surviving spouse must have been married to you at the time of your retirement and must continue to receive your pension benefit after your death. After the Retiree Health Insurance Unit is notified of your death, your surviving spouse will receive further information.

Review Your Dependent Coverage

If an enrolled dependent is no longer eligible for coverage under the State of Connecticut Retiree Health Plan, you must immediately notify the Retiree Health Insurance Unit.

If you are legally separated or divorced, your spouse/former spouse is not eligible for coverage. This information is subject to audit.

Changes in Premiums

A change in coverage due to a qualifying life event may change your premium contributions. Review your pension check to make sure the premium deductions are correct. If they are incorrect, contact the Retiree Health Insurance Unit. You must pay any premiums that are owed. Unpaid premium contributions could result in termination of coverage.

Qualifying Life Event	Required Documents	Coverage Date
Marriage or civil union	<ul style="list-style-type: none"> • Completed enrollment application • Marriage certificate or state-issued civil union certificate • Previous year's IRS Form 1040 • Proof of Medicare enrollment (if applicable) 	First day of the month following the event date
Birth or adoption	<ul style="list-style-type: none"> • Completed enrollment application • Long-form birth certificate • For adoptive parents: Notification of Placement for Adoption from the adoption agency, or a certified copy of the adoption decree • For stepparents: Marriage certificate • Previous year's IRS Form 1040 	<p>Newborn child: First of the month following the child's date of birth</p> <p>Adopted child: The date the child is placed with you for adoption</p>
Legal guardianship or court order	<ul style="list-style-type: none"> • Completed enrollment application • Court documentation granting legal guardianship • Form CO-1318 	The first day of the month following the submission of proof of the event or court order
Divorce or legal separation	<ul style="list-style-type: none"> • Completed enrollment application • Copy of the legal documentation of your family status change 	Coverage will terminate on the first day of the month following the date on which the divorce or legal separation occurred
Loss of other health coverage	<ul style="list-style-type: none"> • Completed enrollment application • Proof of loss of coverage (documentation must state the date your other coverage ends and the names of individuals losing coverage) 	First of the month following your loss of coverage
Obtaining other health coverage	<ul style="list-style-type: none"> • Completed enrollment application • Proof of enrollment in other health coverage (documentation must indicate the effective date of coverage and the names of enrolled individuals) 	Coverage will terminate on the first of the month following the event date. Note: You must pay premium contributions up to the termination date of your retiree health coverage
Moving out of your plan's service area (non-Medicare-eligible coverage only)	Address Change Form (CO-1082), available at osc.ct.gov	Coverage under the new plan will be effective the first of the month following the date you permanently moved
Death of a dependent	Copy of the death certificate	Coverage terminates the day after the dependent's death

Cost of Coverage

Once you are enrolled, premium contributions are deducted from your monthly pension check. Review your pension check to verify that the correct premium contribution is being deducted. If your pension check does not cover your required premiums, or you do not receive a pension check, you will be billed monthly for your premium contributions. Premium contribution deductions are shown on [pages 14 and 15](#).

All Medicare-eligible retirees and dependents must maintain continuous enrollment in Medicare. To ensure there is no break in your medical coverage, you must pay all Medicare premiums that are due to the federal government on time. You will continue to be reimbursed for your Medicare Part B and IRMAA premium amounts as long as the state has a copy of your Medicare card and annual premium notice on file.

Calculating Your Medical Premium Contribution Rate

All Covered Individuals Eligible for Medicare

If you and all covered dependents are eligible for Medicare, you will pay nothing for your medical and prescription drug coverage offered through the State of Connecticut Retiree Health Plan.

Split Families: Some Eligible for Medicare, Some Not

If one or more members are eligible for Medicare and one or more members are not (known as "Split Family"), you will need to calculate how much you will pay for coverage on a monthly basis. Here's how:

1. You will pay nothing for Medicare-eligible individuals enrolled in medical and prescription drug coverage under the State of Connecticut Retiree Health Plan.
2. For all non-Medicare-eligible individuals, you will pay medical premium contributions only if you are enrolled in a plan that requires monthly premium contributions.

Review the *Monthly Medical Premium Contributions for Non-Medicare-Eligible Coverage* section on [page 14](#) to see if you or your dependents are covered under a plan that requires premiums. If yes, determine your monthly premium amount by identifying the number of individuals covered under that plan.

All Covered Individuals Not Eligible for Medicare

You'll only pay medical premiums if you or your dependents are enrolled in a plan that requires monthly contributions.

Check the *Monthly Medical Premium Contributions for Non-Medicare-Eligible Coverage* section on [page 14](#) to see if your plan requires a premium. If it does, find your monthly cost based on the number of individuals covered.

If You Retired Early

If you retired early, you may pay additional retiree premium share costs per the 2011 SEBAC agreement. For additional information, please contact the Retiree Health Insurance Unit at 860-702-3533.

Higher Premiums Without HEP

If your retirement date is October 2, 2011 or later, you are eligible for the Health Enhancement Program (HEP). See [page 26](#).

Monthly Dental Premium Contributions

You'll pay for the cost of dental coverage through deductions from your monthly pension check. Your premium contribution depends on the dental plan you choose, your retirement date, and the number of enrolled individuals. Cigna is the administrator for all State of Connecticut dental plans.

Using Your Benefits

Use the resources below to maximize your benefits and get help making important health care decisions. **It doesn't matter which medical plan you enroll in — you have access to all of these resources regardless of your choice.**

When you need information about your benefits...

Check out carecompass.ct.gov, your one-stop shop for state benefits, including benefit charts, plan documents, carrier contact information, and more.

If you are a pre-65 (non-Medicare-eligible) retiree or dependent, you can use your personal benefits and HEP portal by registering or logging on from carecompass.quantum-health.com.

You can also access the portal by downloading the **Quantum Health** app (on the [App Store](#) or [Google Play](#)). If you registered on the website first, then just sign in when accessing your portal on the app.

When you want to talk to a human...

Non-Medicare-eligible medical plan retirees and their dependents can speak directly with a personal Care Coordinator, a real person there to help you understand your benefits.

Call 833-740-3258, Monday to Friday, 8:30 a.m. to 10 p.m. ET.

Care Coordinators are there to help you understand your coverage, find doctors, and navigate the complexities of health care. You can contact them by phone or send secure messages through the benefits and HEP portal provided by Quantum Health.

Whether online or over the phone, Care Coordinators work directly with Anthem, Cigna, and CVS Caremark to simplify your benefits and help you get the care you need, when you need it.

Medical Coverage

As a non-Medicare-eligible retiree or dependent, you have access to the same Anthem medical plans you had as an active employee:

- **Quality First Select Access (State BlueCare Prime network):** This is the most affordable plan, with a smaller network of providers, including Hartford HealthCare, primarily in Connecticut and some nearby states. **Retirees and enrolled dependents must live in Connecticut to enroll.** No referrals are needed to see specialists.
- **Primary Care Access (State BlueCare network):** A primary care provider (PCP) is required in this plan; you must have a referral to see a specialist. Out-of-network services are not covered, except in an emergency.
- **Standard Access (State BlueCare network):** This plan does not require referrals for specialists, or the selection of a primary care provider (PCP). Out-of-network services are not covered, except in an emergency.
- **Expanded Access (State BlueCare network):** The most expensive plan, it allows you in- and out-of-network coverage. Out-of-network services are covered at 80% of the allowable charge.
- **State Preferred Point of Service (POS):** A primary care provider (PCP) and referrals to specialists are not required. **Closed to new enrollment.**
- **Out-of-Area (OOA):** Only available if the retiree moves or resides outside Connecticut.

Understanding the Plans

Choosing a medical plan might feel overwhelming, but it can be simple! All the medical plans cover the same medical benefits, services, and supplies, just at different prices and with different networks.

Ask yourself these questions:

- Am I okay with selecting a primary care provider (PCP) to coordinate my care?
- Am I okay with seeking a referral before seeing a specialist?
- Do I need out-of-network options for care?
- Would I rather pay more in payroll deductions (premiums) or more out of pocket when I need care?
- Are my current providers in the network? Not sure? Visit carecompass.ct.gov/benefits-enrollment and use the **Find Provider** tool.

Once you've answered these questions, take a look at this table — it should help you narrow down your options.

	Quality First Select Access	Primary Care Access	Standard Access	Expanded Access
Primary care physician	Not required	Required	Not required	Not required
PCP referral	Not required	Required	Not required	Not required
Includes in- and out-of-network coverage	Yes	No	No	Yes
Provider network size	Limited	Broad	Broad	Broad

Allowable Charge

If you visit an out-of-network provider, the allowable charge is the amount your plan would pay had you visited an in-network provider. When you visit an out-of-network provider, you are responsible for all charges above the allowable charge, up to that provider's usual charge for those services.

Medical Coverage at a Glance

The table on the following pages shows the coverage available under the various medical plan options. As a reminder, the retirement groups are:

- **Group 1:** Retirement date prior to July 1999
- **Group 2:** Retirement date July 1, 1999 - May 1, 2009, and those who retired under the 2009 Retirement Incentive Plan
- **Group 3:** Retirement date June 1, 2009 - October 1, 2011
- **Group 4:** Retirement date October 2, 2011 - October 1, 2017
- **Group 5:** Retirement date October 2, 2017 (25 or more years of service OR Hazardous Duty)
- **Group 6:** Retirement date October 2, 2017 - July 1, 2022 (fewer than 25 years of service OR Non-Hazardous Duty)
- **Group 7:** Senior Judges and Trial Referees (**not included in this guide**; please see the Active Employee Health Care Options Planner)
- **Group 8:** Retirement date August 1, 2022 or later (Hazardous Duty)
- **Group 9:** Retirement date August 1, 2022 or later (Non-Hazardous Duty)

The Quality First Select Access Plan

The Quality First Select Access plan (State BlueCare Prime network) lets you save on premiums by using a network of top-quality doctors, specialists, and facilities across Connecticut.

The State BlueCare Prime network was created to easily connect you with doctors and providers that offer the highest-quality care.

Retirees and enrolled dependents must live in Connecticut to enroll. The plan's network includes Hartford HealthCare providers and facilities.

Visit carecompass.ct.gov/benefits-enrollment and use the **Find Provider** tool to see if your current PCP and specialists are in this plan's Connecticut-based network.

Quality First Select Access (State BlueCare Prime Network): All Groups

Your costs in this plan vary based on where you receive care. Use the table below to compare coverage and out-of-pocket costs. **Note: You and your enrolled dependents must live in Connecticut to enroll in this plan.**

Using Your Benefits

In addition to the programs and tools described on [page 15](#), use these programs and tools to get the most out of your benefits, find the right provider, and avoid unnecessary costs. **It doesn't matter which medical plan you enroll in — all members in every plan have access to these benefits.**

When you need to find the best provider for your care...

You can easily find the providers with the highest patient care standards when you need specific procedures or treatment for certain conditions. The **Providers of Distinction** program is simple to use and rewards you for participating!

Earn incentives

If you select a Provider of Distinction for a qualifying procedure, you can earn an incentive! There are 300 eligible providers in Connecticut. The procedures include:

- Colonoscopy (you get \$100)
- Endoscopy (\$100)
- Hip replacement (\$500)
- Knee arthroscopy (\$150)
- Knee replacement and knee revision (\$500)
- Pregnancy and delivery (prenatal care) (\$250)
- Back and spine pain management (\$100). **The incentive is a one-time award for completing any one of three back and spine pain management programs.**

Visit carecompass.ct.gov/providersofdistinction to search by procedure or provider, or call 833-740-3258 to speak with a personal Care Coordinator.

When you need routine lab work...

Lab tests (such as blood tests) are completely free to you (\$0 copay) if you use one of many preferred labs, known as Site of Service providers. To find a nearby participating provider, contact a Care Coordinator or use the **Find Provider** tool at carecompass.ct.gov.

If you are not in Retirement Group 5, 6 or 7, you do not have a special designation for outpatient lab tests. Coverage will be provided according to the table on [page 19](#).

When you're traveling...

In the U.S.: You can use doctors and hospitals across the country in Anthem's BlueCard® program. In an emergency, you may need to pay up front and submit documentation to Anthem for reimbursement.

International: Access care in nearly 200 countries through Blue Cross Blue Shield Global Core®.

Call a Care Coordinator at 833-740-3258 for assistance or to arrange international coverage prior to travel. If you're outside the U.S., call collect at 804-673-1177.

When moving hurts...

Get expert help with musculoskeletal (MSK) conditions and injuries, from diagnosis of minor aches and pains to surgery and recovery, with virtual care options, in-person appointments, and a Spine Health program.

For orthopedic surgical procedures, find the best providers for the care you need. Learn more at carecompass.ct.gov/orthopedics.

When you need to take care of your mental health...

It's important to care for your mental and emotional health, and your plan makes it easy to find providers and resources. Your benefits include coverage for behavioral health, substance use treatment, and addiction recovery.

Learn more at carecompass.ct.gov/mental-health.

Additional Programs

Additional programs are provided by Anthem and Quantum Health outside the contracted plan benefits. Because these programs are not plan benefits, they are subject to change at any time.

- **Access to a Care Coordinator:** You and any enrolled dependent can speak with a personal Care Coordinator (833-740-3258) for help understanding your benefits, finding a doctor, and dealing with the complexities of health care. Quantum Health coordinates with your medical, pharmacy, and dental member service teams, making it easier for you to get answers and guidance. Talk or chat with a Care Coordinator from 8:30 a.m. to 10 p.m. ET, Monday to Friday, or send a message through the secure portal.
- **Health benefits and HEP portal accessible on web and on an app:** You can register for the benefits and HEP portal at carecompass.quantum-health.com. The portal, powered by Quantum Health, makes it easy to manage your coverage and find the care you need. Access personalized information 24/7 from your phone, tablet, computer, or the **Quantum Health** app. Use the portal to connect with Care Coordinators, check claims, access digital ID cards, find providers, and more.
- **Mental and behavioral health:** Find mental and emotional health providers, or search by the type of support you need at carecompass.ct.gov/mental-health. In addition to connecting with therapists, counselors, and other professionals, you can access a wide range of resources tailored to your specific concerns, including stress management, anxiety, depression, and more. For those seeking ongoing support and education, monthly workshops and webinars are available, offering guidance on various mental health topics. In addition, Anthem offers services and programs to help individuals and families manage substance use challenges, access treatment, and find pathways to recovery.
- **Therapy services (medical review necessary):** Physical and occupational therapy services are subject to medical necessity review — a determination indicating whether your care is reasonable, necessary, and/or appropriate based on your needs and medical condition. If you see an in-network provider, it is the provider's responsibility to submit all necessary information during the medical necessity review process.
- **Providers of Distinction:** You can easily find the providers with the highest patient care standards when you need specific procedures or treatment for certain conditions. The **Providers of Distinction** program is simple to use and rewards you for participating! Visit carecompass.ct.gov/providersofdistinction to search by procedure or provider, or call 833-740-3258 to speak with a personal Care Coordinator.

Healthy Living Programs

Manage or Reverse Diabetes

Get support from Virta Health to manage your type 1 or type 2 diabetes. You'll get a personal health coach, free testing supplies, and tips to manage your A1c. If you have type 2 diabetes, you may qualify for Virta's reversal program, which offers personalized nutrition plans, support from medical providers and coaches, and digital tools to help you improve your health through lifestyle changes.

Health Enhancement Program

The Health Enhancement Program (HEP) encourages you to take an active role in your health by getting age-appropriate wellness exams and screenings. **Retirees in Groups 4-9, and their enrolled dependents, are eligible for HEP. The retirement dates for those groups are:**

- **Group 4:** Retirement date October 2, 2011 - October 1, 2017
- **Group 5:** Retirement date October 2, 2017 - July 1, 2022 (25 or more years of service OR Hazardous Duty)
- **Group 6:** Retirement date October 2, 2017 - July 1, 2022 (fewer than 25 years of service OR Non-Hazardous Duty)
- **Group 7:** Senior Judges and Trial Referees (**not included in this guide**; please see the Active Employee Health Care Options Planner)
- **Group 8:** Retirement date August 1, 2022 or later (Hazardous Duty)
- **Group 9:** Retirement date August 1, 2022 or later (Non-Hazardous Duty)

If you're a HEP participant and complete the HEP requirements as indicated in the table on [page 27](#), you'll qualify for lower monthly premiums and reduced copays. You also won't pay a deductible when you receive in-network care. It's your choice whether or not to participate in HEP, but there are many advantages to doing so.

How to Enroll in HEP

- **Current retirees:** Your current HEP election will continue into the new plan year. If you are enrolling in benefits for the first time, you will automatically be enrolled in HEP. If currently HEP compliant, you can opt out using the CO-1316 form available at carecompass.ct.gov/forms.
- **New retirees:** If you are a new retiree who was enrolled in HEP as an active employee when you retired, you do not have to enroll in HEP; your current HEP enrollment will continue. If you're not currently enrolled in HEP and would like to enroll, you must complete the HEP enrollment form when you make your benefit elections. The HEP enrollment form (CO-1314) is available at carecompass.ct.gov/forms or by calling 860-702-3533. You will not have to meet HEP requirements until the first calendar year in which you are enrolled in coverage as of January 1. If you do not wish to participate in HEP, you can opt out during Open Enrollment.

HEP Requirements

HEP enrollees and all family members must get age-appropriate wellness exams and early diagnosis screenings, such as colorectal cancer screenings, Pap tests, mammograms, and vision exams.

Visit the **HEP online portal** at carecompass.quantum-health.com to find out whether you have outstanding dental, medical, or other requirements. HEP requirements must be completed by December 31. Those with chronic conditions can complete certain requirements online. If you have a question, contact Quantum, the administrator for HEP, at 833-740-3258.

Save Big with HEP

When you and all your enrolled family members participate in HEP, you will pay lower monthly premiums and have no in-network deductible for the plan year. If you or an enrolled family member has a chronic condition and you complete the HEP requirements, you may receive a \$100 incentive and save money on prescription drugs.

To check your HEP status, visit carecompass.ct.gov and select **Benefits Login**.

Chronic Condition Requirements

You and/or your family members will be required to participate in a disease education and counseling program if you have:

- Diabetes (type 1 or 2)
- Asthma
- COPD
- Heart disease/heart failure
- Hyperlipidemia (high cholesterol)
- Hypertension (high blood pressure)

You will receive free office visits and reduced pharmacy copays for treatments related to your condition. To be compliant, your household must meet all preventive and chronic requirements.

Prescription Drug Coverage

Your prescription drug coverage is administered by CVS Caremark. Prescription benefits are the same no matter which medical plan you choose.

What you pay depends on whether your prescription is a generic, a preferred brand-name (on the CVS Caremark formulary), or a non-preferred brand-name drug.

Here's what you'll pay for covered prescription drugs.

In-Network	Groups 1 & 2		Group 3	
	Acute and Maintenance Drugs (up to a 90-day supply)	Caremark Mail Order/Maintenance Drug Network ¹ (90-day supply)	Acute and Maintenance Drugs (up to a 90-day supply)	Caremark Mail Order/Maintenance Drug Network ¹ (90-day supply)

¹ Retirees in Groups 5-9 have a different CVS Caremark formulary (that is, the covered drug list) than retirees in the other groups. The CVS Caremark Standard Control Formulary is focused on clinically effective, lower-cost alternatives to high-cost drugs.

² You are required to fill your maintenance drugs using the Maintenance Drug Network or the CVS Caremark Mail Service Pharmacy.

³ Maintenance drugs to treat (1) asthma or COPD; (2) diabetes (type 1 or 2); (3) heart failure/heart disease; (4) hyperlipidemia (high cholesterol); or (5) hypertension (high blood pressure): You are required to fill your Maintenance Drug Network or the CVS Caremark Mail Service Pharmacy.

Tier 2: Generic	20% of prescription cost
Tier 3: Preferred brand	20% of prescription cost
Tier 4: Non-preferred brand	20% of prescription cost

Prescription Drug Tiers

A drug's tier placement is determined by CVS Caremark and is reviewed quarterly. If new generics have become available, new clinical studies have been released, or new brand-name drugs have become available, the Pharmacy and Therapeutics Committee may change the tier placement of a drug.

Prescription Drug Programs

Your prescription drug coverage has the following programs to encourage the use of safe, effective, and less costly prescription drugs.

- Mandatory generics:** If a generic version of a prescribed drug is available, it will be dispensed automatically. A note from your doctor saying "dispense as written" is not sufficient. Without an approved exception, choosing a brand-name drug means you'll pay the generic copay plus the cost difference between the brand and generic. Coverage Exception Request forms (carecompass.ct.gov/forms) must be submitted to, and approved by, CVS Caremark.
- CVS Specialty pharmacy:** Certain chronic and/or genetic conditions require special pharmacy products (often injected or infused). Specialty pharmacies, including many in Connecticut, offer expert support and resources to meet your unique medication needs. To learn more or explore these options, call (800) 237-2767. You're automatically enrolled in the PrudentRx specialty drug program, which provides \$0 copays for specialty medications. You can choose to opt out of this program by going to carecompass.ct.gov/forms. For more information and to view the CVS Specialty Pharmacy Distribution Drug List, go to carecompass.ct.gov/state/pharmacy.

Tips for Reducing Your Prescription Drug Costs

- Compare and contrast prescription drug costs.** Contact CVS Caremark to find the tier of the prescription drugs you and your family members use. If you have any Tier 3 or Tier 4 drugs, consider speaking with your doctor about switching to a generic equivalent.
- Use the Maintenance Drug Network or the Mail Service Pharmacy.** If you are taking a maintenance medication for a long-term condition, such as asthma, high blood pressure, or high cholesterol, switch your prescription from a retail pharmacy to the Maintenance Drug Network or the Mail Service Pharmacy. Once you begin using the Mail Service Pharmacy, you can conveniently order refills by phone or online. Contact CVS Caremark for more information.

Dental Coverage

You'll pay for the cost of dental coverage through deductions from your monthly pension check. Your premium contribution depends on the dental plan you choose and the number of enrolled individuals. See [page 15](#) for premiums.

Before changing your dental plan, be sure your dentist is in-network for your selected plan by visiting carecompass.ct.gov/retireedental.

² *When you visit an out-of-network dentist, you are responsible for all charges above the maximum allowable charge — the amount the plan would have paid if you had visited an in-network dentist.*

Consider the Total Care DHMO Plan

For many members, the Total Care DMHO Plan offers the lowest cost for the dental services you'll need this year. The plan network continues to expand and may already include your dentist.

¹ In the Basic and Enhanced plans, use in-network dentists to ensure your care is covered 100%; with out-of-network dentists, you will be subject to balance billing if your dentist charges more than the maximum allowable charge.

² **Closed to new enrollment;** the Total Care DHMO Plan offers better coverage and lower costs.

³ If you're enrolled in the Health Enhancement Program (HEP), frequency limits and cost share are applicable.

⁴ Contact Cigna at 800-244-6224 for patient copay amounts.

⁵ While this service is not covered, you will get the discounted rate if you visit a network dentist, unless prohibited by state law (see [page 32](#) for details).

⁶ Benefits are prorated over the course of treatment.

Cigna's Virtual Care Program

Get care for urgent dental concerns like a toothache, chipped tooth, infection, and other oral health issues when you can't get to your regular dentist. This program is available 24 hours a day, 7 days a week at stateofct.cigna.com.

Dental HEP Requirements and Coverage

If you participate in HEP (see page 26), you must complete one cleaning per calendar year; however, up to two cleanings per year are 100% covered by the dental plan.

In the Basic and Enhanced plans, use in-network dentists to ensure your care is covered 100%; with out-of-network dentists, you will be subject to balance billing if your dentist charges more than the maximum allowable charge.

In the Total Care DHMO and Dental Care DMHO plans, you must use an in-network dentist, or your exam won't be covered at all.

Dependent Dental

Eligible dependents can remain enrolled in state-sponsored dental coverage through the end of the year in which they turn age 26. See [page 10](#) for more information.

Oral Health Integration Program

If you have a qualifying medical condition (heart disease, stroke, diabetes, maternity, chronic kidney disease, organ transplants, or head and neck cancer radiation), you can receive up to 100% cost reimbursement through Cigna's Oral Health Integration Program (OHIP) (available with all dental plan options). Learn how it works at stateofct.cigna.com.

Savings on Non-Covered Services

Many dentists in the Basic and Enhanced plan networks provide lower fees for non-covered services. These savings may apply even if you've hit your annual maximum or if services are limited by age, frequency, or other plan rules. To get the discount, visit an in-network dentist and confirm the procedure is on their fee schedule before treatment. You'll pay the negotiated fee directly to the dentist.

Discounts on non-covered services may not be available in all states. Certain dentists may not offer discounts on non-covered services. Be sure to check with your dental care professional, or contact Cigna customer service before receiving care to determine if these discounts will apply to you.

Pretreatment Estimates

Before starting any dental procedure that may cost more than \$200, your dentist can submit a pretreatment estimate to the plan. You can also check your expected out-of-pocket costs for specific procedures by contacting Cigna at 800-244-6224 or visiting carecompass.ct.gov/retireedental.

Coverage for
Individuals
Eligible *for*
Medicare >>>>>>>>>>

Medicare and You

As a Medicare-eligible retiree or dependent, you are eligible for medical, prescription drug and dental coverage under the State of Connecticut Retiree Health Plan.

Medicare-eligible coverage is only for Medicare-eligible retirees and their enrolled dependents who are also eligible for Medicare. If you or your dependents are NOT eligible for Medicare, please read *Coverage for Individuals NOT Eligible for Medicare*, which begins on [page 16](#).

Medicare is a federal health care insurance program for people age 65 and older. The age at which you are eligible for Social Security may be higher than age 65, depending on the year in which you were born. While your Social Security retirement age may be higher than age 65, your eligibility for Medicare starts at age 65. Medicare enrollment is required for anyone who is eligible.

You May Be Missing Out on Additional Benefits

People younger than age 65 may also qualify for Medicare and Social Security Disability Insurance (SSDI) monthly cash benefits if the Social Security Administration finds that your health conditions meet their standard for disability. If you are eligible, these benefits may provide you with additional income from Social Security, as well as additional health care benefits available through Medicare, while continuing your benefits and maintaining your eligibility through the state. This offers additional benefits to you and provides a mutual benefit for the state.

The State of Connecticut has partnered with Public Consulting Group, Inc. (PCG) to assist our members with SSDI applications and Medicare enrollment at no cost to our members. PCG combines a wealth of knowledge and expertise with a hands-on, customer-focused approach to help you file your SSDI application and, when the application has been approved, to assist you with early Medicare enrollment. PCG's staff will guide you step by step through the process. If you or a dependent is under age 65 and you/they feel you may be eligible for Social Security Disability Insurance, please call PCG at 800-805-8329. If you or a dependent is notified that you are eligible for Medicare, regardless of your/their age, contact the State of Connecticut Retiree Health Insurance Unit at 860-702-3533.

Medicare Part A and Part B

Medicare coverage has various parts. Medicare Part A (hospital care) is free, and enrollment is automatic if you are eligible for Medicare. You must enroll in Medicare Part B (physician services) and pay a monthly premium. It is essential that you enroll in Medicare Parts A and B for the first of the month you are first eligible for enrollment. Typically, this is the first of the month in which you turn 65. **We recommend that you contact Medicare to begin the enrollment process at least three months before your 65th birthday.** Failing to do so will result in a disruption in your health coverage.

Note: If you are not eligible for premium-free Medicare Part A, you are not required to enroll in Part A. If this is the case, you must submit a statement to the Retiree Health Insurance Unit from the Social Security Administration verifying that you are not eligible for premium-free Medicare Part A. You are still required to enroll in Medicare Part B, even if you are not eligible for Part A.

Once You Enroll in Medicare

As a State of Connecticut Retiree Health Plan member, when you reach age 65, the state will automatically enroll you in the Aetna Medicare Advantage PPO plan. Your state-sponsored medical and prescription coverage through the Aetna Medicare Advantage PPO plan will become your only medical and prescription plan.

Just before your 65th birthday, you will receive a letter from the Retiree Health Insurance Unit with more information about the Aetna Medicare Advantage PPO plan. Be sure to send the Retiree Health Insurance Unit a copy of your red, white, and blue Medicare Part B card **as soon as you receive it**. Your standard premium for Medicare Part B will be reimbursed by the state **starting on the date a copy of your Medicare Part B card is received by the Retiree Health Insurance Unit**. If cards are submitted more than 60 days past their issued date, reimbursement will be prospective from the date of receipt. Medicare premiums paid before a copy of your card is received **will not be reimbursed**. For 2026, the standard Medicare Part B/Part D premium reimbursement is **\$202.90**.

You may be required to pay more than the standard premium or an income-related monthly adjustment amount (IRMAA) for Medicare Parts B and D in addition to the standard premium. Social Security will advise you by letter annually if you are required to pay a higher rate.

IMPORTANT: To receive full reimbursement, send a copy of this letter, along with a copy of your red, white, and blue Medicare Part B card, to the Retiree Health Insurance Unit within 60 days of receipt. Information submitted more than 60 days past their issued date will be reimbursed prospective from the date of receipt. Retirees on or after August 1, 2022, are eligible for reimbursement of 50% of their Part B IRMAA in addition to the standard premium rate and their Part D IRMAA.

Note: If you lose eligibility for Medicare, you **MUST** contact the Retiree Health Insurance Unit right away to avoid a disruption in your coverage under the State of Connecticut Retiree Health Plan.

Avoid Disability-Related Penalties

If you or a dependent was eligible for Medicare at age 65 or earlier due to a disability, but you did not enroll in Medicare Part A and/or Part B, the Social Security Administration may assess a late enrollment penalty for each year in which you were eligible but failed to enroll. You will still be required to enroll in Medicare Part A and Part B in order to receive coverage through the State of Connecticut Retiree Health Plan, even if you are assessed a penalty.

Enrolling in Other Medicare Advantage or Medicare Prescription Drug Plans

The Aetna Medicare Advantage plan includes prescription drug coverage. When you or your enrolled dependents become eligible for Medicare, you will automatically be enrolled in the Aetna Medicare Advantage plan. You do not need to do anything except start using your Aetna card once you receive it. Once enrolled, you will receive more information.

The Aetna Medicare Advantage plan is your only option for state-sponsored medical and prescription drug coverage. If you opt out of the Aetna plan, you opt out of your state-sponsored coverage. Aetna is required by Medicare to inform you of the chance to opt out or cancel your enrollment. **However, if you opt out, medical and prescription drug coverage and Medicare premium reimbursements for you and your dependents will terminate. If you wish to continue state-sponsored health coverage, please ignore the opt-out information.**

Do not enroll in a stand-alone Medicare Advantage or Medicare prescription drug plan (Medicare Part C or Part D). You are only able to enroll in one Medicare Advantage and one Medicare Part D plan at a time. The Aetna Medicare Advantage plan includes Medicare Part D prescription drug coverage. **Enrolling in any other Medicare Advantage or Medicare Part D plan will disenroll you from the Aetna Medicare Advantage plan and cause your state-sponsored medical and pharmacy coverage to end for you and your dependents.**

Make Sure We Have Your Street Address

If you receive your mail at a post office box, you must provide a residential street address to the Retiree Health Insurance Unit. This is a requirement of the U.S. Centers for Medicare & Medicaid Services. All communication will still go to your noted mailing address.

Promptly Submit Higher Premium Notices

If your premium will be more than the standard premium rate, send a copy of your IRMAA notice to the Retiree Health Insurance Unit to ensure proper reimbursement.

Individuals Who Are Not Eligible for Medicare

If you or your enrolled dependents are not yet eligible for Medicare (typically those under age 65), current medical coverage elections and prescription drug coverage through CVS Caremark will stay the same. There will be no change to the copay structure, and you/they will continue to participate in the current drug programs. For more information on non-Medicare-eligible coverage, see [page 16](#).

Medical Coverage

Your medical coverage option is the Aetna Medicare Advantage PPO plan. Medicare Advantage plans (also known as Medicare Part C) combine all the benefits of Medicare Part A (hospital coverage) and Medicare Part B (medical coverage) into one plan and can also be combined with Medicare Part D (prescription drug coverage) to become one comprehensive hospital, medical, and prescription drug plan. Medicare Advantage plans are offered by private insurance companies like Aetna.

Your medical coverage option is a group Medicare Advantage plan, which means it was created just for the State of Connecticut Retiree Health Plan. Unlike other Medicare Advantage plans you may see advertised elsewhere, you can only enroll in this plan through the State of Connecticut Retiree Health Plan.

How the Plan Works

The Aetna Medicare Advantage plan is a preferred provider organization (PPO) plan. Here are some highlights of the plan:

- You can see any doctor, hospital, or other health care provider you choose, as long as they accept Medicare.
- You pay the same amount for care whether you see a network or out-of-network provider anywhere in the U.S.
- Medicare sees each enrolled member as an individual; you will have your own Medicare ID card and enrollment record.
- Your health care bills go to Aetna directly, **NOT** to Medicare. Then, your Aetna plan pays for your care. This is why it is very important for you to use your Aetna plan member ID card when you need medical services and your SilverScript member ID card when you need prescriptions.

Please refer to the Aetna Medicare Advantage PPO plan Summary of Benefits or Evidence of Coverage for additional information about the medical plan.

Medical Coverage at a Glance

The table below shows the coverage available under the medical plan. As a reminder, the retirement groups are:

- **Group 1:** Retirement date prior to July 1999
- **Group 2:** Retirement date July 1, 1999 - May 1, 2009, and those who retired under the 2009 Retirement Incentive Plan

Prescription Drug Coverage

Aetna contracts with Medicare, provides insurance, and pays the claims for your pharmacy benefits. The plan has a tiered copay structure. This means the amount you pay for each prescription drug depends on whether your prescription is for a preferred generic drug, a generic drug, a brand-name drug listed on Aetna’s preferred drug list (the formulary), a non-preferred brand-name drug, or a specialty drug. The amount you pay also depends on where you fill your medication and when you retired.

For questions about your prescription drug coverage, contact Aetna using the contact information on [page 50](#).

¹ The State of Connecticut Retiree Health Plan includes additional coverage not provided under Medicare Part D. A list of additional covered drugs as well as a list of maintenance drugs can be found in Aetna’s Additional Drug Coverage document.

² Plan includes reduced copays for medications to treat (1) asthma or COPD; (2) diabetes (type 1 or 2); (3) heart failure/heart disease; (4) hyperlipidemia (high cholesterol); and (5) hypertension (high blood pressure). See Aetna’s Additional Drug Coverage document for a list of drugs with a reduced copay.

Prescription Drug Tiers

A drug's tier placement is determined by Aetna. You can review the full formulary, additional drug lists, and specific drug costs online at ct.aetnamedicare.com.

Prior Authorization

Certain prescription drugs require prior authorization. If a drug you are taking requires prior authorization, you must have your prescribing doctor ask for coverage of the drug by calling Aetna customer service at 855-648-0391 (TTY: 711), Monday to Friday, 8 a.m. to 9 p.m. ET. If you continue to fill your prescriptions for the drug without getting prior authorization, the drug will not be covered, and you may have to pay the full retail price.

Tips for Reducing Your Prescription Drug Costs

- **Compare and contrast prescription drug costs.** Contact Aetna to find the tier of the prescription drugs you and your family members use. If you have any Tier 3 or Tier 4 drugs, consider speaking with your doctor about switching to a generic equivalent.
- **Use a CVS Caremark preferred network pharmacy or the CVS Caremark® Mail Service Pharmacy.** For most drugs you take on a regular basis, you may pay less by using a preferred network pharmacy or the CVS Caremark Mail Service Pharmacy. You can conveniently order refills by phone or online. Contact Aetna for more information.

Dental Coverage

You'll pay for the cost of dental coverage through deductions from your monthly pension check. Your premium contribution depends on the dental plan you choose, your retirement date, and the number of enrolled individuals. See [page 15](#) for premiums.

Cigna is the administrator for all State of Connecticut dental plans.

² *When you visit an out-of-network dentist, you are responsible for all charges above the maximum allowable charge — the amount the plan would have paid if you had visited an in-network dentist.*

Consider the Total Care DHMO Plan

For many members, the Total Care DMHO Plan offers the lowest cost for the dental services you'll need this year. The plan network continues to expand and may already include your dentist.

Dependent Dental

Eligible dependents can remain enrolled in state-sponsored dental coverage through the end of the year in which they turn age 26. See [page 10](#) for more information.

If Your Dentist Is in Your Network

Before changing your dental plan, be sure your dentist is in-network for your selected plan by contacting Cigna or visiting carecompass.ct.gov/retireedental.

Cigna's Virtual Care Program

Get care for urgent dental concerns like a toothache, chipped tooth, infection, and other oral health issues when you can't get to your regular dentist. This program is available 24 hours a day, 7 days a week at stateofct.cigna.com.

Health Enhancement Program (HEP)

If you participate in HEP (see [page 26](#)), you must complete one cleaning per calendar year; however, up to two cleanings per year are 100% covered by the dental plan.

In the Basic and Enhanced plans, use in-network dentists to ensure your care is covered 100%; with out-of-network dentists, you will be subject to balance billing if your dentist charges more than the maximum allowable charge.

In Total Care DHMO and Dental Care DMHO plans, you must use an in-network dentist, or your exam won't be covered at all.

Oral Health Integration Program

If you have a qualifying medical condition (heart disease, stroke, diabetes, maternity, chronic kidney disease, organ transplants, or head and neck cancer radiation), you can receive up to 100% cost reimbursement for Cigna's Oral Health Integration Program (OHIP), which is available in all dental plan options. Learn how it works at stateofct.cigna.com.

Savings on Non-Covered Services

Many dentists in the Basic and Enhanced plan networks provide lower fees for non-covered services. These savings may apply even if you've hit your annual maximum or if services are limited by age, frequency, or other plan rules. To get the discount, visit an in-network dentist and confirm the procedure is on their fee schedule before treatment. You'll pay the negotiated fee directly to the dentist.

Discounts on non-covered services may not be available in all states. Certain dentists may not offer discounts on non-covered services. Be sure to check with your dental care professional, or contact Cigna customer service before receiving care to determine if these discounts will apply to you.

Pretreatment Estimates

Before starting any dental procedure that may cost more than \$200, your dentist can submit a pretreatment estimate to the plan. You can also check your expected out-of-pocket costs for specific procedures by contacting Cigna at 800-244-6224 or visiting carecompass.ct.gov/retiredental.

Frequently Asked Questions

Where can I get more details about what the State of Connecticut Retiree Health Plan covers?

For detailed benefit descriptions and information about how to access plan services, contact Aetna at the phone number or website listed on [page 50](#).

Do I need to enroll in Medicare?

Yes! When you become age 65 or first become eligible for Medicare, you must enroll in Medicare Parts A and B. You must pay or continue to pay your monthly Part B premium. If you stop paying your Part B monthly premium, you risk losing your State of Connecticut Retiree Health Plan medical and prescription drug coverage.

Do retirees still have Medicare?

Yes. With the Aetna Medicare Advantage plan, retirees will have all the rights and privileges of Original Medicare. Instead of the federal government administering retirees' Medicare Part A and Part B benefits as it does under Original Medicare, Aetna is the administrator through the Aetna Medicare Advantage plan.

Are Medicare-eligible retirees and their Medicare-eligible dependents covered under the same policy, like family coverage?

No. While the Medicare-eligible retiree and any Medicare-eligible dependents will be enrolled in the same Aetna Medicare Advantage plan, Medicare considers each person to be a separate member. As a result, each Medicare-eligible plan member will receive their own Aetna and SilverScript ID cards. It also means that each Aetna plan member will receive their own set of plan documents.

Is the Aetna Medicare Advantage PPO plan nationwide?

Yes, this plan offers nationwide coverage.

Do I need to use my red, white, and blue Medicare card?

No, you should use your Aetna Medicare Advantage ID card for all covered medical needs and your SilverScript ID card for all covered prescription drug needs. Put your Original Medicare card somewhere for safekeeping. It is important that you use your Aetna or SilverScript ID card each time you receive medical services or fill a prescription.

How are claims processed?

Aetna pays all claims directly. By always showing your Aetna ID card (medical services) or your SilverScript ID card (prescriptions), you ensure your claims are processed correctly, in a timely way and accurately.

Is the Aetna Medicare Advantage PPO plan a Medicare Advantage HMO plan with a limited network?

No. It is a national plan that allows you to see doctors and hospitals anywhere in the U.S. You are not limited to seeing providers only in Connecticut. The plan travels with you throughout the U.S. The service area is all counties in all 50 U.S. states, the District of Columbia, and all U.S. territories.

What happens if I travel outside the U.S. and need medical coverage?

You will have worldwide coverage for emergency and urgently needed care. You may need to pay the entire claim when receiving care and then submit the claim to Aetna for reimbursement after returning to the U.S.

Glossary

Brand-name drug

FDA-approved prescription drugs marketed under a specific brand name by the manufacturer. The FDA is the U.S. Food and Drug Administration.

Coinsurance

The percentage of the cost you pay when you receive certain eligible health care services. Generally, you start paying coinsurance after you meet your annual deductible (see *Deductible* below).

Copay

The flat-dollar amount you pay when you receive certain covered health care services (or when you fill a drug prescription). Generally, you start paying copays after you meet your annual deductible (see *Deductible* below).

Deductible

The amount you pay for covered medical services each plan year before the plan pays benefits. Once you've met the deductible, you share the cost of covered medical services with the plan through coinsurance or copays.

Dental health maintenance organization (DHMO)

An entity that provides dental services through a limited network of providers. DHMO plan participants only obtain services from network dentists and need a referral from a primary care dentist before seeing a specialist.

Dependent

A family member who meets the eligibility criteria established by the State of Connecticut Retiree Health Plan for plan enrollment.

Effective date

The calendar year your health care coverage begins. You are not covered until your effective date.

Formulary

A comprehensive list of prescription drugs that are covered by a prescription drug plan. The formulary is designed to assist physicians in prescribing drugs that are medically necessary and cost-effective. Formularies are updated periodically.

Generic drug

The FDA-approved therapeutic equivalent to a brand-name prescription drug containing the same active ingredients and costing less than the brand-name drug.

Health maintenance organization (HMO)

An entity that provides health services through a closed network of providers. Unlike PPOs, HMOs employ their own staff or contract with specific groups of providers. HMO participants typically need a referral from a primary care provider before seeing a specialist.

In-network

Providers or facilities that contract with a health plan to provide services at prenegotiated fees. You usually pay less when using an in-network provider.

Open Enrollment

A period of time when you can change your health benefit elections without a qualifying life event.

Out-of-area

A location outside the geographic area covered by a health plan's network of providers.

Out-of-network

Providers or facilities that are not in your health plan's provider network. Some plans do not cover out-of-network services. Others charge a higher coinsurance when you receive out-of-network care.

Out-of-pocket costs

The amount you pay — including premiums, copays, and deductibles — for your health care.

Out-of-pocket maximum

The most you'll pay out of pocket each plan year. When you meet the out-of-pocket maximum, the plan will pay 100% of covered expenses for the rest of the plan year.

Preferred provider organization (PPO)

A network of providers that provide in-network services to plan enrollees at negotiated rates. Enrollees can receive covered services from out-of-network providers, though often at a higher cost.

Premium contribution

The amount you must pay on a monthly basis toward the cost of health care. This is automatically withdrawn from your monthly pension check.

Primary care physician (PCP)

Doctor (or nurse practitioner) who coordinates all your medical care. HMOs require all plan participants to select a PCP.

Qualifying life event

A life event that allows you to make a change in your benefit elections outside of Open Enrollment, as defined by the IRS. Qualifying events include marriage, separation, divorce, birth or adoption of a child, death of a dependent, and obtaining or losing other health coverage.

Reasonable and customary (R&C)

The average fee charged by a particular type of health care practitioner within a geographic area. R&C is often used by medical plans as the most they will pay for a specific test or procedure. If the fees are higher than the approved amount and care is received from an out-of-network provider, the individual receiving the service is responsible for paying the difference.

Specialty drug

Generally, high-cost drugs used to treat long-term or chronic conditions.

10 Things Retirees Should Know

The State of Connecticut Retiree Health Plan is your trusted resource for health benefits information. If you have questions about your benefits, contact the Retiree Health Insurance Unit at 860-702-3533, or visit carecompass.ct.gov.

The retiree health benefits structure is determined by the state. Eligibility for retiree health benefits is determined by your retirement date and your eligibility for Medicare.

If you're enrolled in the Aetna Medicare Advantage PPO plan, you do not need to use your red, white, and blue Medicare card. You should use your Aetna Medicare Advantage ID card for all covered medical needs and your SilverScript ID card for all covered prescription drug needs. Put your Original Medicare card somewhere for safekeeping. It is important that you use your Aetna or SilverScript ID card each time you receive medical services or fill a prescription.

Retirees and dependents may be enrolled in different plans, depending on Medicare eligibility.

All state health plan members who are eligible for Medicare are enrolled in the Aetna Medicare Advantage PPO plan. State health plan retirees and dependents who are not eligible for Medicare can choose from a variety of plan options, which do not include the Aetna Medicare Advantage PPO plan. This means that some retirees and dependents may be enrolled in different plans. This is often referred to as a "split family."

Retirees and dependents must enroll in Medicare Part A and Part B as soon as they're eligible.

Retirees and dependents who are Medicare-eligible based on age or disability must enroll in Medicare Part A hospital insurance (which is premium-free) and Medicare Part B medical insurance (you pay the premiums).

Do not enroll in a stand-alone Medicare Part D prescription drug plan. Upon enrollment in the Aetna Medicare Advantage PPO plan, provide the Retiree Health Insurance Unit with your Medicare Beneficiary Identifier (MBI). The Aetna Medicare Advantage PPO plan includes Medicare prescription drug coverage. If you enroll in a stand-alone Medicare Part D (Medicare prescription drug) plan, you may be disenrolled from this plan.

Medicare-eligible members must pay premiums to the federal government. You must continue to pay Medicare for your Part B and/or IRMAA-related Part D premiums. Your standard premium for Medicare Part B is reimbursed by the state starting with the date your Medicare Part B card is received by the Retiree Health Insurance Unit. Cards and premium information submitted more than 60 days past their effective date will be reimbursed prospective from the date of receipt.

Premiums for coverage must be paid, if applicable.

Premiums you must pay for non-Medicare-eligible health coverage or dental coverage will automatically be deducted from your monthly pension check. If your pension check is not enough to cover the premium amount, you must pay the balance to continue eligibility for coverage.

You must disenroll ineligible dependents within 31 days after the date they become ineligible.

Find more information on qualifying life events on [page 11](#). If you continue to cover an ineligible dependent after the 31-day period, you may be charged a fine.

If you change your home address, contact the Office of the State Comptroller. If you move, make sure to notify the Office of the State Comptroller about your change of address, so we can keep you informed about your benefits.
